The Green Initiatives

Portable Solutions

We value socially responsible business methods. From production to transport, in every respect we take reusability and the reduction of CO2 emissions into account. This way, we not only contribute to your success, but also to the environment at large!

Eco friendly

Reusability and the long lifespan of our products ensure reduction of wastage and scarce raw materials such as wood and paper. The lower weight and smaller volume of the booth ensures that they can be transported in a smaller vehicle and use lower labor to install and dismantle. This ensures lower emissions and lower costs for you.

The Missing Link

Once you purchase a portable stand from us, we believe in continuous service to you. In future when you are in need of larger booths, do let us know which products you have, we will include them in your future booth design so you end up purchasing just the balance material from us thereby saving further costs in the bargain!

Why Choose us ?

Quality of Products and Service

Insta- Group has found its way in India inspired from the state of the art technology from Switzerland and USA. This ensures utmost quality of our product and service level that has our clients satisfied in 40 countries so far.

360 Degree Approach

With a dedicated design team, Print studio, 5 manufacturing units and a global distribution network, we provide 360 degree services to you for a hassle free show anytime anywhere.

Portable – Modular – Custom

Insta provides exhibition and display solutions to cater to ever changing client needs. Depending on the type of design, location and budget we have a host of solutions that give you a menu of options to choose from.
